Hi Cathy – Mike Koerber suggested I participate in a follow-up call today with the FDA to help understand their concerns with participating in Wednesday's meeting with Sterigenics and Illinois. Last week they expressed a desire to participate **Deliberative Process / Ex. 5** The call is at 1:00pm today, same time as the Administrator VTC. Unless you have a concern, I will participate in the FDA/OAQPS call. Thanks
